SAW PRODUCT LINE-UP

KOMELON®

K-USA

Komelon Corp. of Busan South Korea is proud to announce the acquisition of Gu-Ju Metal Ind., Co. Gu-Ju Metal was established in 1957, as a specialized company for gardening saws and saw blades. This company adopted the Japanese saw manufacturing technique and became the pioneer of the saw industry in Korea. Because of superior quality standards, Gu-Ju became recognized worldwide as a leader in the industry. In return for their dedication to quality, they manufactured product for industry leaders around the world. Komelon promises to carry on and improve upon the already great standards established by Gu-Ju Metal Industry. Komelon's steel processing operation in Incheon South Korea will be utilized to generate consistent steel quality that will be used in blade manufacturing.

Tech information

Tapered blade provides a smoother, faster cutting performance with the least amount of harm to the cut branch.

Rust resistant hard chromed blade made of SK4 or SK5 high carbon steel.

Ultra high frequency heated teeth are hardened, which increases the durability of the saw's cutting edge.

SK4 high carbon steel for extra sharp teeth and maximum blade durability.

Replacement blades available.

Floding saw
